The Network Advantage

All Golden Rule health insurance plans include access to one of our Savings-Based Networks. Preferred Networks are also available, and offer significant premium discounts.

Savings-Based Networks

Savings-Based Networks are included with all plans and provide:

- Access to a broad network of physicians and hospitals to help reduce your costs; and
- Freedom to use non-network physicians and hospitals if Savings-Based Network providers aren't available in your area.

While you are free to use any health care professional, using a Savings-Based Network physician or hospital benefits you in the following ways:

- You may pay less for services incurred before your deductible is met;
- Network physicians and hospitals will not bill above the accepted network fee; and
- Network physicians and hospitals will file your claim for you.

Preferred Networks

Available in most areas. A Preferred Network includes physicians, hospitals, and other health care providers that have agreed to provide quality health care at reduced costs.

Lower costs mean lower premiums. Most applicants choose one of our Preferred Networks to take advantage of these premium reductions.

In return for the premium reductions, you agree to use physicians, hospitals, and other health care providers in your Preferred Network.

If you are insured under a Preferred Network plan and receive non-emergency services outside your Preferred Network, covered expenses are:

- Reduced by 25%; and
- Subject to a separate deductible amount equal to the calendar-year deductible.

If you are under a Copay Plan (which requires a Preferred Network), office visit expenses outside your network are not eligible for copay benefits.

To find or view network providers for any network, visit www.goldenrule.com

Health Savings Account (HSA) Plans

Who might benefit most from an HSA plan?

- Anyone interested in more control over how their health care dollars are spent.
- Families interested in one annual deductible per family.
- Those interested in trading low deductible health insurance for a higher deductible plan to save money on monthly premiums and taxes.

How HSAs Work

HSA Plans Offer Quality Coverage, Savings

HSA Plans have two components: a lower cost, high deductible health insurance plan and a tax-favored health savings account.

The money you save on premiums can be put into your tax-favored health savings account (HSA). You can withdraw the money to help pay your deductible or other qualified health care expenses. Once your deductible is met, the insurance plan starts paying for covered expenses.

Your unspent savings roll over year after year.

Lower Premiums, Tax-Advantaged Savings, and an Attractive Interest Rate*

The money you save from reduced premiums can be put into your health savings account — tax deductible.

Your health savings grow tax-deferred, and can be withdrawn tax-free to help pay your deductible or for other qualified health care expenses like prescriptions, vision, or dental care.

What you don't use will continue to accumulate year after year. Then, if you ever need it for health care expenses, the money will be there.

You'll earn interest on your savings, beginning with the first dollar deposited.

Please be aware that the money market and mutual fund investment options are NOT guaranteed, NOT FDIC-insured, and may lose value. We encourage you to read the prospectus of each fund carefully before investing and seek the advice of an investment professional you trust.

You will receive a health savings account card shortly after your qualified medical coverage becomes effective. **HSA withdrawals** can be made by simply using your health savings account card at any point-of-service location (such as a doctor's office or pharmacy) that accepts debit cards.

If you prefer, you can purchase the qualified health insurance coverage from Golden Rule and set up your savings account with another qualified custodian.

Optional Insurance Benefit: HSA Hospital Indemnity Rider

The optional HSA Hospital Indemnity Rider is designed to help protect against major hospitalization expenses during the early months of coverage while cash accumulates in your savings account.

The HSA Hospital Indemnity Rider provides a lump-sum cash benefit on the third day of hospital confinement. This money can be used to help pay your deductible or for any other purpose.

The cash benefit amount depends on your deductible amount and decreases over time (see table).

The optional rider pays once, regardless of the number of hospitalizations, and there are no benefits under this rider if the hospitalization would not have been covered by the medical coverage. In addition, you only pay the premium amount once.

Note: HSA Hospital Indemnity Rider is not available for plans with \$1,100 or \$2,200 deductibles for 2008 and \$1,150 or \$2,300 deductibles for 2009.

The rider does not change, waive, or extend any part of the policy/certificate other than as set forth above. Please see the attached brochure for complete details regarding applicable exclusions and limitations.

High Deductible Plans

Who might benefit most from a high deductible plan?

- Anyone willing to take responsibility for routine health care expenses in exchange for lower premiums.
- Anyone seeking lower cost protection from unexpected accidents and illnesses.
- Early retirees needing a bridge to Medicare.

How High Deductible Plans Work

Lower Premiums

With high deductible plans, you're keeping more of your money and taking responsibility for covering minor or routine health care expenses — if they come up. The higher the deductible, the lower your premiums.

Saver 80SM is our lowest premium plan. This plan provides coverage for hospital confinements, surgical procedures in or out of the hospital, and the more costly outpatient expenses, such as CAT scans and MRIs.

Simple to Use

Golden Rule's top-selling high deductible plan — **Plan 100[®]** — pays 100% of covered expenses once you meet your calendar-year deductible. Your benefits are not complicated with multiple copays or coinsurance.

Comprehensive Coverage

- Up to \$3 million lifetime maximum benefit per covered person
- Up to \$500 annually for adult preventive care or childhood immunizations (see page 7 for details)
- Add optional benefits to increase coverage (see page 8 for details)

Protect Your Family

Optional Benefits: Enhanced Term Life Benefit & New Accidental Death Benefit

You've made the decision to help protect your family's health by seeking insurance; shouldn't you consider helping protect their financial future too?

Term life insurance may be an ideal benefit to make sure you provide for your loved ones' future.

Consider your current financial picture and ask, "Without a term life insurance benefit paid to my loved ones upon my death, would they be able to:

- Pay for funeral expenses?
- Pay the mortgage or other debts?
- Save for college or retire comfortably?"

Remember to select this option as you apply for health coverage.

Enhanced Term Life Benefit

You may choose an optional term life insurance benefit for you and/or a spouse who is also a covered person under the health plan. You and/or your spouse must be age 18 or older. The term life benefit expires when a covered person reaches age 65.

You select one of three benefit amounts. You may select different amounts for you and your spouse.

Benefit Amounts:	\$50,000	\$100,000	\$150,000
-------------------------	----------	-----------	-----------

New Accidental Death Benefit

This benefit provides \$50,000 in coverage in the event of an accidental death for you and/or your spouse if your spouse is also a covered person under the health plan. You and/or your spouse must be age 18 or older. The accidental death benefit expires when a covered person reaches age 65. It may be purchased with or without the term life benefit.

Motorcyclists are not eligible for this benefit.

- Child wellness services from birth until the child's sixth birthday (not subject to the calendar-year deductible).

Important note about Saver Plans:

Premiums for Saver Plans are significantly less because coverage is not provided for most outpatient services. Outpatient expenses not specifically listed in the policy are not covered. Please review the Saver Plans' inpatient and outpatient expense benefits, exclusions, and limitations for details.

Some outpatient expenses not covered under the Saver Plans include:

Outpatient Expense Benefits

- Charges for outpatient surgery, including the fee made by an outpatient surgical facility, the primary surgeon, the assistant surgeon, and/or administration of anesthetic.
- Hemodialysis, radiation, and chemotherapy.
- Prescription drugs to protect against organ rejection in transplant cases.
- Mammography, Pap smear, and PSA test fees.
- Hospital emergency room treatment of an injury or illness (subject to limitations shown on pages 3, 5, and 7).
- Outpatient doctor office visit fees (limited benefit provided under Copay SaverSM — see page 3), diagnostic testing, prescription drugs (except generic under Copay SaverSM plan), and other outpatient medical services not specifically listed under the Inpatient, Outpatient, or Transplant Expense Benefits;
- Outpatient professional fees of licensed physical therapists, durable medical equipment, and medical supplies, except those covered under the Home Health Care Expense Benefits;
- Outpatient expenses incurred for mental or nervous disorders or substance abuse; and
- Preventive care office visits (unless the optional Preventive Care Package is added).

* "Hospital" does not include a nursing or convalescent home, or an extended care facility.

Provisions That Apply to All Plans

This brochure is only a general outline of the coverage provisions. It is not an insurance contract, nor part of the insurance policy. You'll find complete coverage details in the policy.

Health Care Provider Networks

All Golden Rule plans include access to one of our Savings-Based Networks. Preferred Networks are also available, and offer significant premium discounts. See page 1 of this brochure for more information.

Transplant Expense Benefit

The following types of transplants are eligible for coverage under the Medical Benefits provision:

Cornea transplants, artery or vein grafts, heart valve grafts, and prosthetic tissue replacement, including joint replacements and implantable prosthetic lenses, in connection with cataracts.

Transplants eligible for coverage under the Transplant Expense Benefit are:

Heart, lung, heart and lung, kidney, liver, and bone marrow transplants.

Golden Rule has arranged for certain hospitals around the country (referred to as our "Centers of Excellence") to perform specified transplant services. If you use one of our "Centers of Excellence," the specified transplant will be considered the same as any other illness, and will include a transportation and lodging incentive (for a family member) of up to \$5,000. Otherwise, the acquisition cost for the organ or bone marrow will not be covered, and covered expenses related to the transplant will be limited to \$100,000 and one transplant in a 12-month period.

To qualify as a covered expense under the Transplant Expense Benefit, the covered person must be a good candidate, and the transplant must not be experimental or investigational. In considering these issues, we consult doctors with expertise in the type of transplant proposed.

The following conditions are eligible for bone marrow transplant coverage:

Allogenic bone marrow transplants (BMT) for treatment of: Hodgkin's lymphoma or non-Hodgkin's lymphoma, severe aplastic anemia, acute lymphocytic and nonlymphocytic leukemia, chronic myelogenous leukemia, severe combined immunodeficiency, Stage III or IV neuroblastoma, myelodysplastic syndrome, Wiskott-Aldrich syndrome, thalassemia major, multiple myeloma, Fanconi's anemia, malignant histiocytic disorders, and juvenile myelomonocytic leukemia.

Autologous bone marrow transplants (ABMT) for treatment of: Hodgkin's lymphoma, non-Hodgkin's lymphoma, acute lymphocytic and nonlymphocytic leukemia, multiple myeloma, testicular cancer, Stage III or IV neuroblastoma, pediatric Ewing's sarcoma and related primitive neuroectodermal tumors, Wilms' tumor, rhabdomyosarcoma, medulloblastoma, astrocytoma, and glioma.

Home Health Care

To qualify for benefits, home health care must be:

- Provided in lieu of medically necessary inpatient care in a hospital or hospice; and
- Provided through a licensed home health care agency.

Covered expenses for home health aide services will be limited to seven visits per week, and a lifetime maximum of 365 visits. Registered nurse services will be limited to a lifetime maximum of 1,000 hours.

Hospice Care

To qualify for benefits, a Hospice Care program for a terminally ill covered person must be licensed by the state in which it operates. Benefits for inpatient care in a hospice will be limited to 180 days in a covered person's lifetime. Covered expenses for room and board are limited to the most common semiprivate room rate of the hospital or nursing home with which the hospice is associated.

Notification Requirements

You must notify us by phone on or before the day a covered person:

- Begins the fourth day of an inpatient hospitalization; or
- Is evaluated for an organ or tissue transplant.

Failure to comply with Notification Requirements will result in a 20 percent reduction in benefits, to a maximum of \$1,000.

If it is impossible for you to notify us due to emergency inpatient hospital admission, you must contact us as soon as reasonably possible.

Our receipt of notification does not guarantee either payment of benefits or the amount of benefits. Eligibility for, and payment of, benefits are subject to all terms and conditions of the policy. You may contact Golden Rule for further review if coverage for a health care service is denied, reduced, or terminated.

Preexisting Conditions

Preexisting conditions will not be covered during the first 12 months after an individual becomes a covered person. This exclusion will not apply to conditions that are both: (a) fully disclosed to Golden Rule in the individual's application; and (b) not excluded or limited by our underwriters.

A preexisting condition is an injury or illness: (a) for which a covered person received medical advice or treatment within 24 months prior to the applicable effective date for coverage of the illness or injury; or (b) that manifested symptoms that would cause an ordinarily prudent person to seek diagnosis or treatment within 12 months prior to the applicable effective date for coverage of the illness or injury.

General Exclusions

No benefits are payable for expenses that:

- Are due to pregnancy (except for complications of pregnancy) or routine newborn care (unless optional coverage is selected).
- Are for routine or preventive care unless provided for in the policy.
- Are incurred while confined primarily for custodial, rehabilitative, or educational care or nursing services.
- Result from employment-related injury or illness if the covered person is insured or is required to be insured, by Workers' Compensation insurance under applicable state or federal law.
- Are in relation to, or incurred in conjunction with, investigational treatment.
- Are for dental expenses or oral surgery, eyeglasses, contacts, eye refraction, hearing aids, or any examination or fitting related to these.
- Are for modification of the physical body, including breast reduction or augmentation.
- Are incurred for cosmetic or aesthetic reasons, such as weight modification or surgical treatment of obesity.
- Would not have been charged in the absence of insurance.
- Are for eye surgery to correct nearsightedness, farsightedness, or astigmatism.
- Result from war, intentionally self-inflicted bodily harm (whether sane or insane), or participation in a felony (whether or not charged).
- Are incurred for animal-to-human organ transplants, artificial or mechanical organs, procurement or transportation of the organ or tissue, or the cost of keeping a donor alive.

- Are incurred for marriage, family, or child counseling.
- Are for recreational or vocational therapy or rehabilitation.
- Are incurred for services performed by an immediate family member.
- Are not specifically provided for in the policy or are incurred while your policy is not in force.
- Are for any drug, treatment, or procedure that promotes conception.
- Are for any procedure that prevents childbirth not including prescription contraceptives on an outpatient basis.

Benefits will not be paid for services or supplies that are not medically necessary to the diagnosis or treatment of an illness or injury, as defined in the policy.

General Limitations

- Covered expenses will not include more than what was determined to be the reasonable and customary charge for a service or supply.
- Transplants eligible for coverage under the Transplant Expense Benefit are limited to two transplants in a ten-year period.
- Charges for an assistant surgeon are limited to 20 percent of the primary surgeon's covered fee.
- All diagnoses or treatments of mental disorders, as defined in the policy, including substance abuse, will be limited to a lifetime maximum benefit of \$3,000. Covered expenses for outpatient diagnosis or treatment of mental disorders will be further limited to \$50 per visit. As with any other illness or injury, inpatient care that is primarily for educational or rehabilitative care will not be covered.
- Covered expenses will be limited to no more than a 34-day supply for any one outpatient prescription drug order or refill.

Effective Date

For **injuries** and **illnesses**, the effective date for a mailed application will be the later of: (a) the requested effective date, if any, shown on the application; or (b) the date upon which the original application is actually received by Golden Rule at its Home Office.

For an application sent by any electronic method, the effective date will be the later of: (a) the requested effective date, if any, shown on the application; or (b) the day after the date upon which the application is actually received by Golden Rule at its Home Office.

Premium

We may adjust the premium rates from time to time. Premium rates are set by class, and you will not be singled out for a premium change regardless of your health. The policy plan, age and sex of covered persons, type and level of benefits, time the policy has been in force, and your place of residence are factors that may be used in setting rate classes. Premiums will increase the longer you are insured.

Dependents

For purposes of this coverage, eligible dependents are your lawful spouse and eligible children. Eligible children must be unmarried and under 25 years of age at time of application.

Termination of a Covered Person

A covered person's coverage will terminate on the date that person no longer meets the eligibility requirements, or if the covered person commits fraud or intentional misrepresentation.

Continued Eligibility Requirements

A covered person's eligibility will cease on the date a covered person ceases to be a dependent.

Renewability

You may renew coverage by paying the premium as it comes due. We may decline renewal only:

- For failure to pay premium; or
- If we decline to renew all policies just like yours issued to everyone in the state where you are then living.

Underwriting

Coverage will not be issued as a supplement to other health plans that you may have at the time of application.

Prior to Legal Action

To help resolve disputes before litigation, the policy requests that you provide us with written notice of intent to sue prior to legal action. This notice must identify the source of the disagreement, including all relevant facts and information supporting your position.

Medicare — Carve-Out

Covered persons who reach the age of Medicare eligibility and obtain Medicare coverage will be provided an alternative health insurance benefit called "Carve-out." Basically, "Carve-out" pays the difference between what Golden Rule benefits normally would pay and what is paid by Medicare.

Carryover Deductible Amount

If a covered person incurs expenses, during the last three months of a calendar year, for which benefits are not paid because the expenses were applied to that calendar year's stated deductible, those expenses will also be applied to the next calendar year's stated deductible.

Coverage is provided for daily hospital room and board, other hospital services, surgical services, anesthesia services, inpatient medical services, and out-of-hospital care. Coverage is subject to any deductibles, coinsurance provisions, maximum dollar limits, copayment provisions, preexisting condition limitations, or other exclusions or limitations that may be set forth in the policy. (Note: Plans of this type provide coverage for the major costs of hospital, medical, and surgical care, in place of coverage of only basic costs as would be the case under a basic hospital or basic medical-surgical expense insurance plan.)

- A. Hospital charges for daily room and board and nursing services and other hospital services while an inpatient.

- C. If we decline to renew all policies just like yours issued to residents of the state where you are then living. (This is explained in the Discontinuance clause in the policy.)

We will not change your premium because of the number of claims filed or because of a change in a covered person's health. Renewal premiums will be based on the rate table in effect on the premium due date. Your type of plan, age, sex, place of residence, the period the policy has been in force, and the type and level of benefits on the premium due date will be used to figure the required premium.

CONDITIONS PRIOR TO COVERAGE (APPLICABLE WITH OR WITHOUT THE CONDITIONAL RECEIPT)

Subject to the limitations shown below, insurance will become effective if the following conditions are met:

1. The application is completed in full and is unconditionally accepted and approved by Golden Rule Insurance Company (Golden Rule) at its Home Office or Indianapolis Office.
2. All medical examinations, if required, have been *satisfactorily completed*.
3. The persons proposed for insurance must be, on the *effective date*, not less than a standard risk acceptable to Golden Rule according to its regular underwriting rules and standards for the exact plan and amount of insurance applied for.
4. The first full premium, according to the mode of premium payment chosen, has been paid on or prior to the *effective date*, and any check is honored on first presentation for payment.
5. The policy is: (a) issued by Golden Rule exactly as applied for within 45 days from date of application; (b) delivered to the proposed insured; and (c) accepted by the proposed insured.

Definitions:

1. "*Satisfactorily completed*" means that no adverse medical conditions or abnormal findings have been detected which would lead Golden Rule to decline issuing the policy or to issue a specially ridered policy.
2. "*Effective date*" for a mailed application means the later of: (a) the requested effective date, if any, shown on the application; or (b) the date upon which the original application is actually received by Golden Rule at its Home Office.
3. "*Effective date*" for an application sent by any electronic method means the later of: (a) the requested effective date, if any, shown on the application; or (b) the day after the date upon which the application is actually received by Golden Rule at its Home Office.

Limitation:

If, for any reason, Golden Rule declines to issue a policy or issues a policy other than a standard policy as applied for, Golden Rule shall incur no liability under this receipt except to return any premium amount received. Interest will not be paid on premium refunds.

NOTICE TO APPLICANT REGARDING REPLACEMENT OF ACCIDENT AND SICKNESS INSURANCE

If you intend to lapse or otherwise terminate existing insurance and replace it with a new plan from Golden Rule, you should be aware of and seriously consider certain factors that may affect your coverage under the new plan.

1. Full coverage will be provided under the new plan for preexisting health conditions: (a) that are fully disclosed in your application; and (b) for which coverage is not excluded or limited by name or specific description. Other health conditions that you now have may not be immediately or fully covered under the new plan. This could result in a claim for benefits being denied, reduced, or delayed under the new plan, whereas a similar claim might have been payable under your present plan.
2. If after due consideration, you still wish to terminate your present insurance and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical and health history. Failure to include all material medical information, correct information regarding the tobacco use of any applicant, or information concerning other health plans may cause the company to deny a future claim and to void your coverage as though it has never been in force. After you have completed the application and before you sign it, reread it carefully. Be certain that all information has been properly recorded.
3. You may wish to secure the advice of your present insurer or its agent regarding the proposed replacement of or addition to your present plan. You should be certain that you understand all the relevant factors involved in replacing or adding to your present coverage.
4. Finally, we recommend that you not terminate your present plan until you are certain that your application for the new plan has been accepted by Golden Rule.
