A Guide to Buying Health Insurance

We agree — buying health insurance can be difficult. There are many companies offering several plans. Benefits are different. Fine print is hard to read. Terms are unfamiliar. And the cost can be surprising.

On this page, we offer six clear steps to help you through the process of selecting a health plan that fits your budget and a company that meets your needs as well.

- 1) Determine what you are looking for in a health insurance plan.
 - Copay for doctor visits for young children?
 - Lower premiums — most concerned with serious illness?
 - Are tax-advantages important?
- 2) Review plans from reputable companies.
 - Check an independent rating agency like A.M. Best or Standard and Poor's.
- 3) Know what you are responsible to pay.
 - **Copay:** fixed amount an insured must pay at the time of service (i.e., doctor visit or prescription).
 - **Deductible:** a flat amount that an insured is required to pay before the insurance will pay any benefits.
 - **Coinsurance:** the percentage (for example, 80%) paid by the insurance company and percentage (20%) paid by the insured of all covered medical expenses once the deductible is met.
- 4) Understand what's covered and what's not covered by the insurance plan.
 - All plans have exclusions and limitations and you need to know what they are (see pages 13-15).
- 5) Research the network.
 - **Network:** health-care providers (physicians, hospitals, and other facilities) that are contracted by the insurance company to provide care at a discounted price.
 - Are the doctors and hospitals you want to use part of the network offered by the company?
- 6) Figure out the bottom line — your total annual cost in a good health year and a bad health year.

Which Plan Best Fits Your Needs?

Whether you are seeking lower-cost health insurance, experienced a recent change in employment or family status, or are self-employed, we offer you and your family a variety of coverage options at competitive prices in many states.

Quality Care at Significant Savings — The Network Advantage

Access to the right doctors can be the most important part of your health care.

Preferred network

Select our Preferred network* as part of your health insurance plan, and you have:

- Access to an **extensive network** of doctors, X-ray and lab facilities, hospitals, and other ancillary providers.*
- **Quality care** at reduced costs because these providers have agreed to lower fees for covered expenses.
- **Lower premiums** — savings up to 35%-45% over the same plans without a Preferred network.

Please note: Covered expenses for nonemergency care received from a provider outside your Preferred network are:

- Subject to reasonable and customary charges;
- Reduced by 25%;
- Subject to an additional deductible amount equal to the per person, calendar-year deductible.

For Services of Non-Network Providers: Your actual out-of-pocket expenses for covered expenses may exceed the stated coinsurance percentage because actual provider charges may not be used to determine insurer and member payment obligations.

Sample savings with our Preferred network:

(Services provided August to September 2008)**

	Charges	Repriced Charges
Dr. Office Visit (illness)	\$ 122.00	\$ 38.44
Mammogram	\$ 315.00	\$ 122.58
MRI	\$ 2,550.90	\$ 733.71
Lab Work – Cholesterol, Glucose, Insulin Fasting	\$ 166.00	\$ 10.60

*UnitedHealthcare Choice Plus network, available in most areas. LabCorp is the preferred laboratory services provider for UnitedHealthcare networks.

**All these services received from network providers in ZIP Code 462--. Your actual savings may be more or less than this illustration and will vary by several factors.

High Deductible Plans

Lower Premiums

With high deductible plans, you're keeping more of your money and taking responsibility for covering minor or routine health-care expenses — if they come up. The higher the deductible, the lower your premiums.

Saver 80SM is our lowest premium plan. This plan provides coverage for hospital confinements, surgical procedures in or out of the hospital, and the more costly outpatient expenses, such as CAT scans and MRIs.

Simple to Use

Golden Rule's top-selling high deductible plan — Plan 100[®] — pays 100% of covered expenses once you meet your calendar-year deductible. Your benefits are not complicated with multiple copays or coinsurance.

Comprehensive Coverage

- You choose \$3 million or \$5 million lifetime maximum benefit per covered person.
- Plan 100[®] and Plan 80SM include preventive care and child immunizations with no waiting period (first-dollar coverage available).
- Add optional benefits to increase coverage (see Optional Benefits on page 10 for details).

Who might benefit most from a High Deductible Plan?

- Anyone willing to take responsibility for routine health-care expenses in exchange for lower premiums.
- Anyone seeking lower-cost protection from unexpected accidents and illnesses.
- Early retirees needing a bridge to Medicare.

Health Savings Account (HSA) Plans

HSA Plans Offer Quality Coverage, Savings

HSA Plans simply combine a lower-cost, high deductible health insurance plan and a tax-favored savings account.

Lower Premiums, Tax-Advantaged Savings, and an Attractive Interest Rate*

High deductible plans typically cost a lot less than many copay or traditional plans. This means lower premiums for you. You can then take the premium savings and place it into your health savings account.

- You get a tax deduction on the money you put in your HSA.
- Your dollars can grow tax-deferred.
- You spend the savings tax-free to help pay your deductible or for qualified medical care (including prescriptions, vision, or dental care).
- What you don't use in your account will continue to accumulate year after year. Then, if you ever need it for health-care expenses, the money will be there.
- With Golden Rule's HSA custodian, you'll also earn interest on your savings, beginning with the first dollar deposited.

Bottom line — HSAs can help make health insurance more affordable.

Who might benefit most from a Health Savings Account plan?

- Persons interested in more control over how their health-care dollars are spent.
- Families interested in one calendar-year deductible per family.
- Those interested in trading low deductible health insurance for a higher deductible plan to save money on monthly premiums and taxes.

Optional Insurance Benefit: HSA Hospital Indemnity Rider

The optional HSA Hospital Indemnity Rider is designed to help protect against major hospitalization expenses during the early months of coverage while cash accumulates in your savings account.

The HSA Hospital Indemnity Rider provides a lump-sum cash benefit on the third day of hospital confinement. This money can be used to help pay your deductible or for any other purpose.

The cash benefit amount depends on your deductible amount and decreases over time (see table).

The optional rider pays once, regardless of the number of hospitalizations, and there are no benefits under this rider if the hospitalization would not have been covered by the medical coverage. In addition, you only pay the premium amount once.

Note: HSA Hospital Indemnity Rider is not available for plans with \$1,100 or \$2,200 deductibles for 2008 and \$1,150 or \$2,300 deductibles for 2009.

The rider does not change, waive, or extend any part of the policy/certificate other than as set forth above. Please see the attached brochure for complete details regarding applicable exclusions and limitations.

- If you use an out-of-network dentist, **Dental Value** pays benefits based on the network negotiated rate – which is usually less than the reasonable and customary charge.

Fees in examples are based on national averages and network coverage for ZIP Code 4320X. This chart assumes \$50 deductible has been satisfied.

Provisions That Apply to All Plans

This brochure is only a general outline of the coverage provisions. It is not an insurance contract, nor part of the insurance policy. You'll find complete coverage details in the policy.

Health-Care Provider Networks

Choosing a Preferred network offers you a significant premium discount, and in most cases, an extensive network of doctors and hospitals.* Otherwise, Golden Rule health insurance plans include access to one of our savings-based networks.

Transplant Expense Benefit

The following types of transplants are eligible for coverage under the Medical Benefits provision:

Cornea transplants, artery or vein grafts, heart valve grafts, and prosthetic tissue replacement, including joint replacements and implantable prosthetic lenses, in connection with cataracts.

Transplants eligible for coverage under the Transplant Expense Benefit are:

Heart, lung, heart and lung, kidney, liver, and bone marrow transplants.

Golden Rule has arranged for certain hospitals around the country (referred to as our "Centers of Excellence") to perform specified transplant services. If you use one of our "Centers of Excellence," the specified transplant will be considered the same as any other illness and will include a transportation and lodging incentive (for a family member) of up to \$5,000. Otherwise, the acquisition cost for the organ or bone marrow will not be covered, and covered expenses related to the transplant will be limited to \$100,000 and one transplant in a 12-month period.

To qualify as a covered expense under the Transplant Expense Benefit, the covered person must be a good candidate, and the transplant must not be experimental or investigational. In considering these issues, we consult doctors with expertise in the type of transplant proposed.

The following conditions are eligible for bone marrow transplant coverage:

Allogenic bone marrow transplants (BMT) for treatment of: Hodgkin's lymphoma or non-Hodgkin's lymphoma, severe aplastic anemia, acute lymphocytic and nonlymphocytic leukemia, chronic myelogenous leukemia, severe combined immunodeficiency, Stage III or IV neuroblastoma, myelodysplastic syndrome, Wiskott-Aldrich syndrome, thalassemia major, multiple myeloma, Fanconi's anemia, malignant histiocytic disorders, and juvenile myelomonocytic leukemia.

Preexisting Conditions

Preexisting conditions will not be covered during the first 12 months after an individual becomes a covered person. This exclusion will not apply to conditions that are both: (a) fully disclosed to Golden Rule in the individual's application; and (b) not excluded or limited by our underwriters.

A preexisting condition is an injury or illness: (a) for which medical advice, diagnosis, care, or treatment was recommended to or received by a covered person within 12 months prior to the applicable **effective date** for coverage of the illness or injury; or (b) a pregnancy existing on the applicable **effective date** the covered person becomes insured under the policy.

Effective Date

For **injuries**, the effective date for a mailed application will be the later of: (a) the requested effective date, if any, shown on the application; or (b) the date upon which the original application is actually received by Golden Rule.

For an application sent by any electronic method, including fax, the effective date for injuries will be the later of: (a) the requested effective date, if any, shown on the application; or (b) the day after the date upon which the application is actually received by Golden Rule.

The effective date for **illnesses** will be the same as for injuries if you are replacing prior coverage within 62 days of application for this coverage and disclose replacement information on the initial application for insurance. If replacement information is not disclosed on the initial application for insurance, the effective date for illnesses will be the 15th day after the effective date for injuries. Illnesses that begin prior to that 15th day will be treated as preexisting conditions and will not be covered until the individual has been a covered person for 12 months.

Premium

We may adjust the premium rates from time to time. Premium rates are set by class, and you will not be singled out for a premium change regardless of your health. The policy plan, age and sex of covered persons, type and level of benefits, time the policy has been in force, and your place of residence are factors that may be used in setting rate classes. Premiums will increase the longer you are insured.

Home Health Care

To qualify for benefits, home health care must be provided through a licensed home health-care agency.

Covered expenses for home health aide services are limited to seven visits per week and 60 visits per calendar year. Outpatient private duty registered nurse services are limited to a lifetime maximum of 1,000 hours. Intermittent RN services (up to 4 hours each) limited to \$75 per visit, and deemed to be 2 hours applied to the lifetime maximum.

Hospice Care

To qualify for benefits, a Hospice Care program for a terminally ill covered person must be licensed by the state in which it operates. Benefits for inpatient care in a hospice are limited to 180 days in a covered person's lifetime. Covered expenses for room and board are limited to the most common semiprivate room rate of the hospital or nursing home with which the hospice is associated.

Dependents

For purposes of this coverage, eligible dependents are your lawful spouse and eligible children. Eligible children must be unmarried and under 25 years of age or medically certified as disabled and dependent on you at time of application.

Termination of a Covered Person

A covered person's coverage will terminate on the date that person no longer meets the eligibility requirements or if the covered person commits fraud or intentional misrepresentation.

Continued Eligibility Requirements

A covered person's eligibility will cease on the earlier of the date a covered person:

- Ceases to be a dependent; or
- Accepts an employer's contribution to the premium payment or treats the policy as part of an employer-provided health plan.

Renewability

You may renew coverage by paying the premium as it comes due. We may decline renewal only:

- For failure to pay premium; or
- If we decline to renew all policies just like yours issued to everyone in the state where you are then living.

Underwriting

Coverage will not be issued as a supplement to other health plans that you may have at the time of application. Plans are subject to health underwriting.

Conditions Prior to Legal Action

To help resolve disputes before litigation, the policy requires that you provide us with written notice of intent to sue as a condition prior to legal action. This notice must identify the source of the disagreement, including all relevant facts and information supporting your position. Unless prohibited by law, any action for extra-contractual or punitive damages is waived if the contract claims at issue are paid or the disagreement is resolved or corrected within 30 days of the written notice.

Subject to the limitations shown below, insurance will become effective if the following conditions are met:

1. The application is completed in full and is unconditionally accepted and approved by Golden Rule Insurance Company (Golden Rule).
2. All medical examinations, if required, have been satisfactorily completed.
3. The persons proposed for insurance must be, on the effective date for injuries, not less than a standard risk acceptable to Golden Rule according to its regular underwriting rules and standards for the exact plan and amount of insurance applied for.
4. The first full premium, according to the mode of premium payment chosen, has been paid on or prior to the effective date for injuries, and any check is honored on first presentation for payment.
5. The policy is: (a) issued by Golden Rule exactly as applied for within 45 days from date of application; (b) delivered to the proposed insured; and (c) accepted by the proposed insured.

Definitions:

1. "Satisfactorily completed" means that no adverse medical conditions or abnormal findings have been detected which would lead Golden Rule to decline issuing the policy or to issue a specially ridered policy.
2. "Effective date for injuries" for a mailed application means the later of: (a) the requested effective date, if any, shown on the application; or (b) the date upon which the original application is actually received by Golden Rule.

NOTICE TO APPLICANT REGARDING REPLACEMENT OF ACCIDENT AND SICKNESS INSURANCE

If you intend to lapse or otherwise terminate existing insurance and replace it with a new plan from Golden Rule, you should be aware of and seriously consider certain factors that may affect your coverage under the new plan.

1. Full coverage will be provided under the new plan for preexisting health conditions: (a) that are fully disclosed in your application; and (b) for which coverage is not excluded or limited by name or specific description. Other health conditions that you now have may not be immediately or fully covered under the new plan. This could result in a claim for benefits being denied, reduced, or delayed under the new plan, whereas a similar claim might have been payable under your present plan.
2. If, after due consideration, you still wish to terminate your present insurance and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical and health history.
3. You may wish to secure the advice of your present insurer or its agent regarding the proposed replacement of or addition to your present plan. You should be certain that you understand all the relevant factors involved in replacing or adding to your present coverage.
4. Finally, we recommend that you not terminate your present plan until you are certain that your application for the new plan has been accepted by Golden Rule.

This includes information related to substance use or abuse.

I understand any existing or future requests I have made or may make to restrict my protected health information do not and will not apply to this authorization, unless I revoke this authorization.
